### **If your company's primary hard drive crashes, will your critical operations continue without delay?**

When you partner with **Tri Valley Internet**, the answer is **Yes**—ask us about our maintenance and back-up technologies that protect your vital company information and operations 24/7.

### **Spam, spyware and viruses are out of control—is there a solution to these business drains?**

When you partner with **Tri Valley Internet**, the answer is **Yes**—ask us about our guaranteed spam-, spyware- and virus-free networks.

### **Your growing company requires multiple communications across multiple locations—can you be networked seamlessly and securely?**

When you partner with **Tri Valley Internet**, the answer is **Yes**—ask us about secure remote communications over a customized private intranet, or over the Internet within a virtual private network, VPN, using tier-one encryption technologies.

## **Tri Valley Internet**

**Web Design • Web Hosting**

**Search Engine Optimization • Networking and IT Consulting**

We help you succeed in business by designing, hosting, and optimizing a Web site that

- strengthens your core business,
  - meets the needs of your operations,
  - directly targets your key markets, and
  - generates leads beyond the abilities of your current marketing tools.
